Department of Zoology

22/01/2021

Department of Zoology had organised **One Day State Level Webinar** on the occasion of **“National Bird Week”** in collaboration with Mudhoji College, Phaltan & BioVision Charitable Trust, Pune.

The resource person for the said workshop was Dr. GirishJathar (Assitant Director, BNHS, Mumbai).

The Webinar was organized on 10th November 2020; in online mode. The platform of the webinar was **Google meet & YouTube live streaming session.**

Total participants of this webinar were 155 from various places & college in Maharashtra & few from other states too.

Head,
Department of Zoology

Types of endemism

a) Neo-endemism: A taxon is evolutionary young and not yet spread over the new area – White-bellied Shortwing (endemic to southern Western Ghats), Amboli Toad, Koyana Toad, Narcondam Hornbill

b) Palaeo-endemism (Epibiotics, Relics): The taxon is restricted now but once it was widely distributed. The restriction of species in a pocket is due to physical barrier like deserts, mountain, sea, etc. or change in climate, habitat or soil type etc. - Indian Rhinoceros, Asiatic Lion, Great Indian Bustard

Zoology - Endemic Birds of Northern Western Ghats of India - 10 Nov. @ 2:00P
