6.2.3 - Implementation of e-governance in areas of operation:

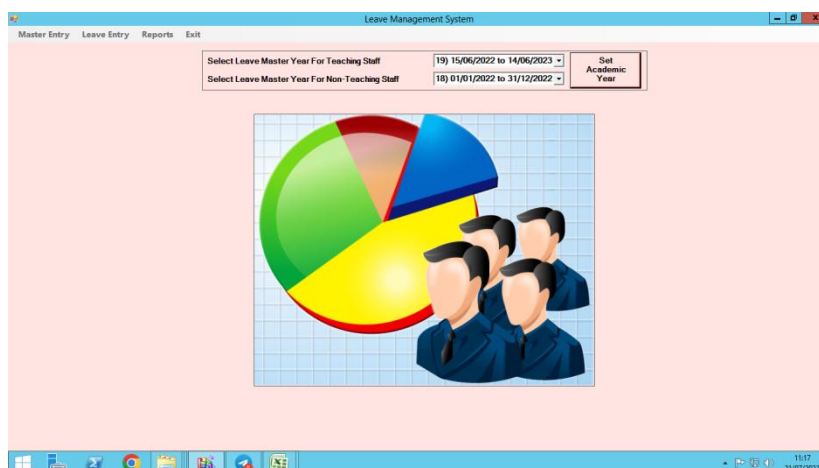

1) Administration:

Tuljaram Chaturchand College is committed to quality education with excellence. The functioning of the college is directed as per the government and the university guidelines. For the effective administration of the college the website of the college plays important role in providing academic and administrative activities. The important notices related to the admission process, examination time-table, college activities, fee structure and results are communicated through e-notices, e-boards and the website. To initiate the green practices most of the communication within the institution is done electronically and for that purpose college uses various softwares such as leave software, software for central store, hostel management software, salary software, establishment section software, library automation software etc. The important circulars and orders are communicated to teachers and staff through an official email on the college domain. Also, the college principal has constituted an official Telegram and Whatsapp groups consisting of all teachers, students and heads for effective administrative and academic related activities.

i. Faculty Leave Management Software:

College uses software for the leave record of faculty and staff. It helps to keep up the record of all faculty and staff. The individual record can be procured as per the requirement and the same is shared with the concerned person. The tentative line of functioning of the software is explained in the following chart.
