- 1.3 Development of Sociology in India
  - 1.3.1 Sociology in the Pre-Independence Period
  - 1.3.2 Sociology in the Post-Independence Period
  - 1.3.3 Teaching of Sociology in India
- 1.4 Sociological Research in India
  - Points to Remember
  - Exercise

### Learning Objectives...

- To understand the origin and development of sociology in India.
- In the west the emergence of sociology as a discipline could be traced back to the 19<sup>th</sup> century. But, the 'political philosophy' and 'philosophy of history' of the discipline sociology goes back to the deep past.
- The social thinkers who contributed to the origin and growth of sociology have given more importance to the 'social history' throughout ages.
- This chapter critically evaluates two things. One; to understand the origin of sociology in India and second, it discusses the development in India, both in academic and research.
- It critically evaluates the various challenges the sociology is facing in India.
