Collaborative activity of Water Bottle and Cotton Bags Distribute with NSS and Utkarsha Foundation (NGO) Mumbai

On 22/07/2023 the NSS Unit of Tuljaram Chaturchand College of Arts Science and Commerce in association with Utkarsha Foundation, Mumbai organized a distribution drive during the Pandharpur Waari pilgrimage, focusing on the provision of essential items such as water bottles and bags to pilgrims. The initiative aimed to support the pilgrims on their spiritual journey by ensuring they remained hydrated and had sturdy bags for carrying essentials, reflecting the core values of community service and social responsibility upheld by both the NSS and Utkarsha Foundation. The primary goal of the distribution drive was to assist pilgrims by providing reusable water bottles to promote hydration and reduce plastic waste, and durable bags for carrying personal belongings during their long walk. This initiative not only aimed to cater to the immediate needs of the pilgrims but also to spread awareness on sustainable practices by discouraging the use of disposable plastic bottles. There were 150 NSS volunteers participated.

The distribution drive was strategically conducted at multiple points along the pilgrimage route where pilgrims took rest. The program saw active participation from over 50 NSS volunteers and representatives from Utkarsha Foundation, who worked hand-in-hand to ensure smooth execution. The activities included: **Water Bottle Distribution:** Volunteers distributed 1,000 reusable water bottles to the pilgrims, ensuring that they had access to clean drinking water throughout their journey. The bottles were made from eco-friendly, BPA-free materials, promoting both health and environmental sustainability. Volunteers also educated the pilgrims on the importance of staying hydrated, especially under the hot weather conditions. **Bag Distribution:** Around 500 sturdy cloth bags were distributed to the pilgrims to help them carry their personal belongings more conveniently. These bags were made from durable, eco-friendly materials, ensuring they could be reused for future journeys. The initiative also encouraged the reduction of plastic bag usage, aligning with the broader environmental goals of both the NSS and Utkarsha Foundation. **Awareness Campaign:** Along with the distribution of water bottles and bags, an awareness campaign was conducted where volunteers spoke to the pilgrims about the importance of reducing single-use plastic during the pilgrimage. Pamphlets were distributed containing information on sustainable living practices, highlighting how small changes, like using reusable bottles and bags, can significantly reduce environmental impact. The distribution drive was met with overwhelming appreciation from the pilgrims, who expressed gratitude for the thoughtful gesture. The initiative served over 1,000 pilgrims, and the reusable bottles and bags were well received. The program also contributed to the reduction of plastic waste during the pilgrimage, as the

use of reusable water bottles replaced the common practice of buying plastic water bottles along the route. The NSS volunteers gained valuable experience in community service, team coordination, and environmental advocacy. The event also strengthened the collaboration between the college NSS unit and Utkarsha Foundation, Mumbai, paving the way for future joint initiatives.

Conclusion:

The water bottle and bag distribution drive during the Pandharpur Waari pilgrimage was a highly successful initiative, reinforcing the importance of community support and sustainable living practices. The combined efforts of the NSS Unit of [Your College Name] and Utkarsha Foundation, Mumbai not only enhanced the comfort of the pilgrims but also contributed to a cleaner, greener pilgrimage experience. The initiative has set a positive example for future events and laid the foundation for continued service to society and the environment.
