The workshop was taken by Mrs. Anuradha Nimbalkar. She has four years industrial experience and a business woman. The aim of this lecture was to know the need of personality development & which personality traits required to survive in competitive world.

Mrs. Anuradha Pawar started the workshop with a very creative introductory session, where students had to introduce themselves in a novel way. They had to either mention an adjective which best describes them.

This was followed by discussion on The Self, one's desires, dreams, passions and motivations. Students were told how important their dreams and desires are for developing the personality. It was stressed that they need to have a passion in life. Students were also given tips on how to increase their self-esteem. They were also encouraged to be optimistic and to have a positive approach about everything in life. Most importantly, it was emphasized that they should love themselves and never lose confidence. She gives examples to the students to always be hopeful of good things sharpening in the future and to achieve the goal by taking on head-on, all the obstacles in the way.

To sum up, it was a well thought-out workshop of motivating the students to discover themselves.
