**Programme Outcomes for Vocational (B.Voc.) Degree Programme in accordance with National Education Policy-2020 with effect from Academic Year 2023-24.**

Bachelor of Vocation (B.Voc.) Courses are designed to provide students with specific vocational skills and knowledge that are directly applicable to the industry or field they are studying. The programme outcomes of these courses typically focus on preparing students for employment or entrepreneurship in their chosen vocational area.

PO1	<b>Technical Competence:</b> Students will acquire specialized technical skills and knowledge relevant to their chosen vocation, enabling them to perform tasks effectively and efficiently in their respective industries.
PO2	<b>Problem Solving Skills:</b> Students will develop the ability to identify, analyze, and solve problems encountered in their vocational field, using both theoretical knowledge and practical experience.
PO3	<b>Employability Skills:</b> Students will gain employability skills such as communication, teamwork, leadership, adaptability, and professionalism, which are essential for success in the workplace.
PO4	<b>Industry Relevance and entrepreneurial abilities:</b> The students will adopt knowledge and skills that are relevant to the current needs and required practices of the industry or sector, they are entering. Students focus on fostering entrepreneurial skills, equipping students with the knowledge and capabilities to start and manage their own businesses in their chosen field.
PO5	<b>Ethical and Social Responsibility:</b> Students will be aware of the ethical considerations and social responsibilities associated with their vocational field, and they will be able to apply ethical principles in their professional practices.
PO6	<b>Environmental Awareness:</b> The students should be able to apply the knowledge, skills, attitudes and values required to take appropriate action for justifying the effect of environmental degradation, climate change, pollution control, effective waste management etc.
PO7	<b>Research and Innovations:</b> Depending on the programme, students may develop research and innovation skills, enabling them to contribute to advancements and improvements within their vocational field.
PO8	<b>Global Perspective:</b> In an increasingly interconnected world, programmes may emphasize the importance of understanding global trends, markets, and perspectives relevant to the students' vocation.
PO9	<b>Multidisciplinary studies:</b> Students will adopt the multidisciplinary studies in an academic approach that integrate knowledge and methodology from various discipline to provide a comprehensive understanding of related job/business opportunities.
PO10	<b>Community Engagement:</b> The students will be able to demonstrate the capability to participate in community-engaged services/activities for promoting the wellbeing of society.
