Subject : About organizing workshop on Blockchain and Wordpress for T.Y.B.Sc.(Computer Science) & M. Sc.(Computer Science) Students.

Respected Sir,

Today in IT industry, it is necessary that every student build up their future in BlockChain and WordPress to survive in the industry. Block chain technology is mainly evolved from the perspective of decentralized financial system and promoting the cashless economy. This technology has radically improved supply chain and other transactions network. WordPress is a free and open-source content management system based on PHP & MySQL.

As per above subject Computer Science Department and ED Cell planning to organize one day workshop on Word Press coordination with India TechSoft and Two day workshop on BlockChain coordination with Robosol, AAKAR IIT Mumbai for T.Y.B.Sc.(Computer Science) & M. Sc (Computer Science) Students. These workshops are skill oriented and practical Hands-on training to the students by experts.

For organizing such workshops following expenditure is needed

1. Two days workshop on Blockchain: Rs.450/- for each students (Approx. 50 PG students)
450 * 50 = 22500/- (Includes TA & Remuneration Resource persons)
2. One day workshop on WordPress for all T.Y.B.Sc.(CS) students: TA & Remuneration of Resource Person is 7000/- Approx.
Two
+5000/-

Also need to provide the Food facility to all trainers on both workshops.
^ & accomodation

We kindly request you, to suggest and allow us to organize such workshops.

Thanking you,

Yours faithfully

Workshop on Wordpress CMS

WordPress is a free and open-source content management system based on PHP & MySQL. Features include a plugin architecture and a template system. It is most associated with blogging but supports other types of web content including more traditional mailing lists and forums, media galleries, and online stores.

More than 60 percent of the websites in the world are powered by WordPress CMS. While most SMEs will naturally choose WordPress as their choice of platform to build their websites, when developed properly, WordPress is a suitable tool to run large enterprises' websites too.

By the end of this Workshop, the participants can look forward to be able to:

Understand the entire WordPress System

Create their own professional WordPress websites with unlimited contents

Maintain and update their websites without external help

Topics to be covered in Workshop

WordPress Session (Session 1)

- Introduction to a Web Designing.
- CMS, Web System & Planning.
