For orders containing subscription software, NI Subscription Software automatically renews at the end of its Term at then-current prices unless other terms and conditions apply based on written agreement of the parties. Customer understands that subscriptions may be cancelled prior to each renewal date. Contact NI with questions.

The shipping dates provided on this quote are standard delivery estimates. When you place an order NI will provide more accurate shipping dates on the order acknowledgement.

NI aims to deliver your products as soon as possible. To accomplish this goal, we default to splitting an order into multiple shipments so that you receive each item as soon as it is available. If you select Ship all items together in your shipping preferences, the item with the longest lead time will determine when your order ships.

NI will send one invoice for each shipment; so, if you select Ship items as soon as they are available in your shipping preferences, you receive one invoice per shipment. If you ship all your items together, you will receive only one invoice. NI cannot provide one invoice if your products are sent in multiple shipments.

Country of origin is subject to change. Actual country of origin is provided on the commercial invoice, pack slip and product label.

Taxes, as applicable at the time of invoicing.
Prices do not include Commission and Installation charges, as stated in the quote.
