Detail information of the programme/activity:

A group of 6 students from our college visited the Baramati to participate in a tree plantation drive. Our mission was to spread awareness about the importance of environmental conservation and to contribute to the greening of the city. We planted 20 saplings of various species, including neem, mango, and coconut trees. The students were enthusiastic and actively involved in the process, learning about the benefits of tree plantation and its impact on the environment. The local authorities and bus stand staff were also present to support our initiative. We hope that our small effort will make a positive difference in the environment and inspire others to follow our lead.
