Criterion VII: - Institutional Values and Best Practices

7.1.6 Quality audits on environment and energy are regularly undertaken by the institution.
QnM • Beyond the campus environmental promotion and sustainability activities

TREE PLANTATION DRIVE

Activity by BBA Department

Tree plantation is a powerful tool for combating climate change, protecting ecosystem and fostering healthier communities. Regular tree plantation contributes to global reforestation efforts and make our earth cleaner and greener. Also, tree plantation helps in enhancing the beauty of the place. Underscoring the importance of trees in our life the BBA department carried out a tree plantation drive at Jainakwadi, a small village near Baramati to increase green cover, promote biodiversity, and raise awareness about the importance of trees in mitigating climate change. The drive was organized on 7th October 2023 with the support of college authorities, faculty members, and student volunteers. In total 21 students gave their active participation to make the activity a huge success.
