TYBA G3 (A) INDIA'S NATIONAL SECURITY

Aim:- The security has an extended meaning beyond its military dimension; there is better appreciation now of its non-military and human dimensions. National security thus "comprises every action of the government by which a society seeks to assure its survival or realizes its aspirations internationally; aimed at to create favorable national and international conditions for the protection or extension of national interests against existing or potential enemy threats". In this context, the aim of the paper is to make students to understand ever changing different issues directly or indirectly involved in this study.
