WORLD NATURE CONSERVATION DAY

One day Workshop & Tree Plantation at Jalgaon Supe
Activity by Environmental Science Department

Tree plantation is a powerful tool for combating climate change, protecting ecosystem and fostering healthier communities. Regular tree plantation contributes to global reforestation efforts and make our earth cleaner and greener. Also, tree plantation helps in enhancing the beauty of the place. Underscoring the importance of trees in our life the Environmental Science department celebrated *World Nature Conservation Day* by conducting a one-day workshop on nature conservation and carried out a tree plantation drive at Jalgaon Supe, a small village near Baramati to increase green cover, promote biodiversity, and raise awareness about the nature conservation. The activity was conducted on 27th July 2022 with the support of college authorities, faculty members, and student volunteers. Principal Dr. Chandrashekhar Murumkar was present for this activity. He appreciated the efforts of students and staff for environment conservation.
