TREE PLANTATION AT SAVITRIBAN PANDERE

Activity by Non-teaching staff on 15/08/2022

Tree plantation is a powerful tool for combating climate change, protecting ecosystem and fostering healthier communities. Regular tree plantation contributes to global reforestation efforts and makes our earth cleaner and greener. In response to Government of India's campaign *Azadi ka Amrit Mahotsav* and on the occasion of 75th Independence Day, the non teaching staff of the college carried out a tree plantation drive at Savitriban, Pandere. The plantation was conducted to protect our environment, to promote biodiversity, and raise awareness about the importance of trees in mitigating climate change. The drive was organized on 15th August 2022 under the supervision of Registrar, Shree. Abhinandan Shah. More than 15 non teaching staff participated in the activity.
